SPIRIT THERAPIES

KICKING UP OUR HOOVES

DATE: MARCH 20, 2010
TIME: 9:55 AM
LOCATION: SPIRIT THERAPIES
9140 LAMADRE WAY
LAS VEGAS, NV 89149

WHAT IS SPIRIT THERAPIES?

Spirit Therapies provides a full atmosphere of physical and mental therapy for individuals with Down's Syndrome, Angelman's Syndrome, Rett Syndrome, MS, Muscular Dystrophy, spinal cord injuries, emotional distress, traumatic brain injury and other disabilities through therapeutic horseback riding and interaction with our volunteers and instructors.

Research has proven that exercise and interpersonal interaction produces profound benefits for individuals with special needs working to reach their full physical, mental, and social potential.

Spirit is dedicated to helping our riders discover their dreams and goals—to help them expand their physical and mental horizons so they can be the best that they can.

WHAT IS "SPIRIT THERAPIES KICKING UP OUR HOOVES?"

On March 20, 2010 there will be a lot of things going on. First we will start the morning with refreshments while Laurie Willmott, Executive Director, explains Spirit Therapies and gives a demonstration of our therapeutic horseback riding with one of our individuals with special needs. Then the work will begin. We will be performing miscellaneous repairs, installation of fencing, spreading pea gravel in the stalls, and whatever else is needed for the upkeep and maintenance of Spirit Therapies. The day will be finished up with a meet and greet BBQ and good conversation.

We also need money donations as well, which are tax deductible. Spirit Therapies is a 501 (c) 3 non-profit organization. FED TAX ID: 51-0436828.

COME ONE COME ALL, VOLUNTEERS NEEDED!!!
