### SPONSOR A HORSE

Sponsor a Therapeutic Horse for a month—\$250.00

Therapeutic horses take a lot of training, good care and maintenance in order to perform well in a therapeutic environment. These horses are all donated and are usually older horses or horses that may have a disability themselves. Their interaction with the volunteers, instructors and riders gives them a new lease on life. Sponsor one of these wonderful animals; we guarantee it will provide overwhelming gratification. They are gentle giants and do wonders for our individuals with special needs, even the instructors, and the volunteers.
